

Workforce Outreach Job Fair

Neal Math and Science Academy Redevelopment Project

All Interested Job Seekers Invited!

Please join North Chicago School District 187, IFF and baso, as well as JGMA Architects, Gilbane Building Company/Bowa Construction and Blackwood Group, for the first of two **Workforce Outreach Job Fairs** for the Neal Math and Science Academy Redevelopment Project to learn more about employment opportunities! Contractors will be present to meet with individuals interested in working on this project. Information regarding potential apprenticeship programs will also be available.

Project Scope

IFF and baso, alongside JGMA Architects, Gilbane/Bowa and Blackwood Group, are providing design and construction management services for the redevelopment of North Chicago School District 187's Neal Math and Science Academy. This revitalization project involves the transformation of the district's middle school into a safe, modernized learning environment to improve student success and increase college and career readiness. The project includes new construction of an approximately 84,000 SF facility and renovation of an approximately 11,000 SF existing gymnasium to be completed and occupied by Fall 2022.

Workforce Goals

- > MBE – 30%
- > WBE – 10%
- > VOB – 6%
- > Lake County Residents – 30%
- > Local Hiring – 1 per awarded contractor
